2026 NUCLEAR ENERGY CONFERENCE & EXPO

Sponsorship & Exhibitor Prospectus

August 24-27 Dallas, TX
nuclearenergyconference.org

Welcome!

NECX is the only conference intentionally designed to bring the entire nuclear ecosystem together in one place to move ideas into action. By uniting technical experts, business leaders, policymakers, innovators, and regulators, NECX creates an environment where collaboration accelerates deployment and advances industry progress.

Jointly hosted by the American Nuclear Society (ANS) and the Nuclear Energy Institute (NEI), NECX uniquely blends technical depth with industry leadership. The conference aligns agenda content, exhibition engagement, and networking around decision-making, investment, and real-world deployment, not information sharing alone, making NECX the industry's most comprehensive and action-oriented nuclear event.

Sponsorship Benefits

Whole-of-Industry Access:

Reach more than 1,000 nuclear professionals spanning utilities, advanced reactor developers, suppliers, regulators, government leaders, investors, engineers, and researchers, all in one integrated setting. NECX connects sponsors to decision-makers across the full value chain, not just a single segment of the industry.

Integrated Brand Visibility:

Amplify your presence through multi-channel recognition across conference marketing campaigns, digital platforms, the mobile app, on-site signage, and experiential activations, delivering sustained visibility before, during, and after the event.

Outcomes-Driven Networking:

NECX nurtures intentional cross-sector connections through curated networking, exhibit hall engagement, and collaborative programming. Sponsors gain direct access to partners, customers, and influencers shaping the future of nuclear energy.
